YOUNG ROCHESTER COLORED MAN DEAD IN FAIRPORT RIOT

CONTINUED FROM PAGE ONE.

ster was overtaken by Deputy Sheriff Brauser, Policeman R. L. Williams, of Fairport, and a number of other villagers. Clubs, bottles and sticks were found in the machine. Seven men and the taxicab driver were arrested.

The men gave their names as James Leogos, No. 83 Hartford street; Frank La Place, No. 11 Philander street; Redmond Perry, No. 27 Conklin street; Tony Vincent, No. 112 Martin street; Joseph Mortillola, No. 8 Prospect street; Tony Novera, No. 382 Fourth street; Anthony Fradela, No. 67 Frank street, and Ralph Woodworth, No. 589 Humboldt street.

Woodworth drove the taxicab. He said that he answered a call to the corner of Main street east and North street about 8:30 o'clock last evening and that the others, whom he claimed were strangers to him, hired him to go to Fairport. He said that he knew nothing of their purpose and that he previously had visited Fairport but once.

Eight Locked Up.

The village authorities claimed that Woodworth was as responsible as the others and he was kept under arrest. A of reckless driving was placed against Woodworth. Brauser told the village authorities that he ran his machine through the Main street of Fairport at a speed of fifty miles an hour. He did not stop when the shots were fired and as Brauser started toward the street to stop the machine it is claimed that Woodworth headed the machine toward him.

Brauser told the authorities that if he hadn't jumped he would have been killed. The men arrested were taken back to the lockup which is in the basement of the town hall, under heavy guard. They were placed in the two cells. Several hundred villagers, armed to the teeth, paraded the streets and stormed the town hall in an effort to reach the men. There was talk of violence, but this was quieted by the village authorities.

The eight men protested that a mistake had been made and that they had no part in the trouble. Cahler identified the party in custody in Fairport as those who had assaulted him. Brauser identified the men, and charges of inciting a riot and assault was placed against them.

Justice Opens Court.

Justice of the Peace R. L. Lee opened a session of his court and was prepared to arraign the men so that they could be taken to jail. It was feared, however, that if the deputy sheriffs made any effort to take the men through the crowd in front of the town hall at 2 o'clock this morning violence would be started.

The men in custody in Fairport will be arraigned at 10 o'clock this morning. Policeman Williams, who was struck with a club, and Cahler, lodged charges of assault against the men. There were other people in the village who received minor hurts but so far as can be learned no one was struck by the shots that were fired from the fleeing taxicabs.

Say Men Opened Fire.

There was considerable discrepancy as to the number of shots fired, as to who fired the first fusilade of bullets. The village authorities claim that the first shots were fired by the occupants of the taxicabs. There was a hot return from the villagers. No store windows were struck nor was any damage done to the town.

In one of the machines that assisted the sheriff and the police in rounding up the invaders were Earl Barrell, Raymond Cousick, L. L. Johnson, H. E. Salmon and A. W. Wemes. These men secured the license number on one of the taxicabs and gave it to the police of the third precinct.

Clark L. Burlingame, son of George T. Burlingame, who, assisted Mr. Harris in the chase, was deputized by Mr. Brauser and started out in pursuit of the machine that was captured near Webster. A volley of shots was fired after the machine.

Taxi Badly Shot Up.

Noey, who is said to be about 21 years old, was brought into the Homeopathic Hospital shortly after midnight in an inclosed taxicab owned by the Pullman Taxi Company and driven by Dave Gordon, of No. 240 Rossdale street. The plate las at the sides of the taxicab was splintered, the windshield was shattered and the sides and hood of the taxi showed plainly that it had run the gauntlet of shot fusillades of bullets.

In the cab also was Joseph Di Maria, of No. 1 Concord street, who had a bullet wound through his right shoulder, and Joseph Pulvino, of No. 1 Arthur place, all of them are about 21 years old.

Coroner Thomas A. Killip and District Attorney William F. Love were notified and an investigation was started immediately. At about 2 o'clock this morning Coroner Killip ordered Noey's body taken to the morgue. The identity of the other men in the car was learned and the police immediately began steps to round them up. Pulvino is declared to have a record for getting into scrapes.

Driver of Car Has Narrow Escape in Bullet Fusilade

Gordon, driver of the machine in which Noey and his companions rode, had a narrow escape from death when one of the five shots which struck the machine, shattered the windshield in the lower left-hand corner, struck the rim of the steering wheel and buried itself in the roof of the car.

Pulvino, Gordon and Damaria were rounded up and arrested by Detective-Sergeant Barnett and taken to the county jail, where they were examined by District-Attorney William F. Love. It is understood, according to the authorities, that Pulvino was one of the ring leaders in the riot. He is said to have had a number of disorderly and serious offenses to his credit in the past and is generally known as a "bad man."

The four other bullets struck the radiator of the car, the thermometer on the front of the radiator was shattered by a third, a fourth crashed through the glass in the upper right-hand corner of the windshield and the last smashed the window in the rear of the machine on the left side. The latter bullet was the one which wounded Di Maria in the shoulder. The chunk of lead later was found in the automobile by Detective-Sergeant Barnett.

In addition to the eight members of the gang that were lodged in jail at Webster, and the three rounded up by Detective-Sergeant Barnett, seven more were taken to the sheriff's office to be examined.

It was learned from the police that Noey's presence in the riot was accounted for by the fact that he was a member of the Rochester gang which made its headquarters in a local pool room. When members of the gang announced their intention of cleaning-up the village of Fairport he is said to have accepted the invitation extended to him to participate.

BANKERS PUT REGULATIONS UNDER FIRE

Federal Reserve System Is Condemned at Convention.

IS DEFENDED ALSO

Washington, Oct. 20.—While a survey of the financial policies of the government by Secretary Houston drew the attention of delegates to-day at the general session of the American Bankers' association convention, state bankers, in their section meeting which followed brought administration of the Federal Reserve System under fire. They adopted resolutions "condemning and opposing methods employed by the board" in its relations with state banks which are not members of the reserve system, although the board did not lack defenders during the discussion.

Indignation against the board's regulation compelling the collection of checks and remittance of the face amount at par was freely expressed. Governor Harding of the Federal Reserve Board was styled a "usurper" of authority and a committee was named to seek amendment of the reserve act so as to "guarantee all the bankers the rights and privileges" of fixing a charge on the handling of checks drawn on all excepting local banks.

Speakers declared Governor Harding "had employed force and coercion" by enforcing the use of the par clearance system under which many state banks were said to have been compelled to enter the reserve system or lose certain classes of business. This was "not only unfair, but without basis in law" it was asserted.

"Whisky Curb" Raided.

Newark, N. J., Oct. 19.—Newark's alleged "whisky curb" was raided to-day by the police and 40 men arrested on a charge of loitering. They were locked up in the Police Headquarters pending fixing of bail.

ENGLISH MINE STRIKE STILL IN DEADLOCK

Neither Side Makes Attempt to Renew Negotiations.

DISFAVOR EXTREMISTS

London, Oct. 20.—(By the Associated Press.)—The day brought no new developments in the coal situation. Neither side to the dispute made any approach to the other, and no outside mediation was instituted.

It is still hoped that the proposal of William Brace, president of the South Wales Miners' Federation, may eventually lead to renewed negotiations, but it is admitted that it must first be adopted officially by the Miners Executive, which has so far, been impossible, as the members of the executive are scattered all over the country.

Advocacy by some extremists of withdrawing the pumping staffs from the mines finds few supporters among the miners generally. Robert Smillie and other leaders are strongly against it.

Adjourn Railway Conference.

Renewed efforts were made at the Ministry of Labor to-day through negotiation by the parties concerned to avert a strike on the railroads and in the transport industry. The negotiations, however, were adjourned until to-morrow.

The National Union of Railwaymen, the executive of the transport workers, and the parliamentary committee of the Trades Union Congress all held meetings this morning to consider their attitude toward the coal strike, but thus far no decisions have been taken. The greatest importance attached to the National Union of aRilwaymen's meeting, which was a full delegates' conference with power to declare a sympathetic strike without referring the matter to the union members.

After approximately two hours of discussion, James Henry Thomas, general secretary of the railwaymen's union, said the whole situation had been reviewed and and adjournment taken until Thursday. The executive of the transport workers and the Trades Union Committee continued their meetings this afternoon.

Delirium Shakes Mayor M'Swiney on 69th Day

London, Oct. 20.—Mayor MacSwiney suffered a third, but milder, attack of delirium this evening, according to the league bulletin. A new development is muscular twitchings, which attain spasmodic proportions in the limbs.

The mayor remained in a more or less unconscious condition all the afternoon.

Lord Mayor MacSwiney of Cork suffered a serious attack of extreme delirium shortly after 10 o'clock this morning, the sixty-ninth day of his hunger strike, said a bulletin issued by the Irish Self-determination League this afternoon.

"All his relatives were summoned to him," the bulletin added. "The attack lasted until twelve o'clock and at one o'clock the lord mayor had resumed his normal condition. He now is quiet but not yet quite normal mentally."

A league bulletin issued at 4 P. M. read:

"The lord mayor had a second and more violent paroxysm of delirium this afternoon, which lasted a considerable time. He is now quiet and more normal mentally."

Queen Mother of Greece Hurries to Son's Side

Geneva, Oct. 20.—Olga, Queen Mother of Greece, left Lucerne hurriedly yesterday for Athens to nurse her grandson, King Alexander, whom she received a telegram that his condition was desperate and another operation was immediately necessary.

Athens, Oct. 20.—King Alexander passed a better night and a slight improvement was noted. It was announced here to-day. The condition of lung congestion remained stationary. The wound caused by the bite of the monkey is improving, but an examination of blood extracted from his heart showed the presence of pneumonia germs.

Two Discontinued Styles of

The AEOLIAN-VOCALION

At Radical Price Reductions

OPPORTUNITY knocks at your door. Until the stock is exhausted there will be offered for special sale two popular models of the Aeolian-Vocalion.

These two instruments at their regular prices have had a large sale. Musically and in appearance, they have offered values unequaled in phonographs of any other make. This is particularly true of Model 430, which is equipped with the famous Graduola, a vital phonograph improvement found on no other instrument, irrespective of price.

In the new 1921 Vocalion Catalogue, these two styles are to be replaced by others of different case design and dimensions. Musically and mechanically there is to be no change.

The reason and the only reason for reducing the prices on Styles 430 and 310 is to make room for the new instruments and to dispose of these two models which will not appear in the new catalogue.

STYLE 430

Former Price, $165

Special Price

$135

on payments of $8.50 monthly.

Case Woods: Selected Mahogany, Fumed Oak and Golden Oak.

Tone Arm: The Aeolian Universal Tone Arm; plays all records.

Vocalion Automatic Stop: An improved type; superior to and simpler than any other on the market.

This instrument is equipped with the famous Graduola—the only artistic phonograph tone-control in existence.

STYLE 310

Former Price, $135

Special Price

$110

on payments of $7.50 monthly.

Case Woods: Selected Mahogany, Fumed Oak and Golden Oak.

Tone Arm: The Aeolian Universal Tone Arm; plays all records.

Vocalion Automatic Stop: An improved type; superior to and simpler than any other on the market.

Those familiar with the Aeolian-Vocalion, its unequalled tone, superb cases and many mechanical advantages, will appreciate the importance of this extraordinary opportunity.

While the number of instruments in these two discontinued styles is fairly large, the nature of the values is so unusual and the public response so sure that an early selection is advised.

Everyone who is considering the purchase of a phonograph some time this fall or winter is invited to visit Aeolian Hall, Balcom Music Company, to inspect these exceptional bargains in the world's leading phonograph.
